ABLUTIONS

Efficient solutions for maintaining cleanliness in ablation facilities, ensuring hygiene and sanitation standards are met with ease and reliability.

<p>Toilet Bowl Cleaner</p>	<p>Banish nasty toilet bowl stains with our powerful foaming toilet bowl cleaner! This hard-working formula clings to surfaces and penetrates deep to break down tough grime and sanitise—the thick foam lifts away dirt, grease, and bacteria for a sparkly clean bowl.</p> <p>With every flush, the chlorine-based formula disinfects, killing 99.9% of germs. The blend of surfactants cuts through grease fast while the sequestering agents tackle mineral buildup. Enjoy long-lasting freshness as the pleasant, clean scent fills your bathroom.</p> <p>Safe for all bathroom surfaces, this environmentally-friendly cleaner is designed for maximum cleaning power. Regular use prevents stains and leaves your toilet fresh and clean.</p> <p>For unbeatable cleaning results, reach for our foaming toilet bowl cleaner today. The powerful formula cleans and disinfects with every flush!</p>
<p>Shower Cleaner</p>	<p>Get sparkling clean showers and tubs with Shower Cleaner! This powerful formula dissolves stubborn soap scum, oils, and grease to leave your bathroom looking fresh. The non-caustic formula is safe for all surfaces yet tough on grime. The wetting agents allow the Shower Cleaner to penetrate porous tile and grout to lift away built-up gunk. Plus, the sequestering agents tackle hard water stains in both soft and hard water areas. Shower Cleaner even contains a bactericide to inhibit mold and mildew growth. The refreshing fragrance leaves your bathroom smelling clean, not chemical-laden. Use Shower Cleaner weekly to cut through dirt, oils, and hard water stains for a bathroom that sparkles!</p>

DAIRY FARMING

Tailored detergents for effective cleaning and disinfecting of farm milking parlours, supporting optimal hygiene practices in dairy operations.

<p>TC34</p>	<p>Blast away germs with the sanitising strength of TC34. This concentrated 8% sodium hypochlorite solution annihilates 99.9% of bacteria, viruses, and other nasty microorganisms on contact. The premium commercial-grade formula quickly disinfects all surfaces, eliminating harmful germs in their tracks. Just a small amount of TC34 goes a long way, making it extremely economical and versatile for all your disinfecting needs. Get the proven sanitising power that destroys germs and leaves behind a fresh, clean scent. Bring on sparkling, germ-free surfaces with TC34 today!</p>
<p>TC36 CONCENTRATE</p>	<p>Keep your herd's udders healthy and infection-free with TC36 Concentrate. This powerful teat dip guards against mastitis by eliminating both Gram-positive and Gram-negative bacteria on contact with its highly effective chlorhexidine gluconate formula.</p> <p>TC36 doesn't just kill germs - it provides complete mastitis protection thanks to its prolonged germ-fighting action that continues working long after application. Regular post-milking use helps prevent resistant bacterial strains from developing for robust, ongoing defense against infection.</p> <p>The dip is gentle on teats too. Skin conditioning ingredients like glycerine and lanolin ensure teats stay healthy and resist irritation during milking. Dairy cows experience less infection and greater comfort.</p> <p>Dip into robust udder health with TC36. Request a sample today to see how this advanced teat dip strengthens your herd's mastitis protection.</p>
<p>TC36 RTU</p>	<p>Prevent mastitis and keep cows healthy with TC36 RTU teat dip. This ready-to-use chlorhexidine formula knocks out bacteria on teat skin, guarding against infection after each milking. Just a quick dip forms a protective antibacterial layer that shields teats from nasty germs that can lead to irritation. Cows will thank you for this udderly effective solution. With TC36 RTU, you can dip into healthier, happier cows and avoid trouble strutting down the dairy aisle. Don't risk infection - choose the proven bacteria-fighting power of TC36 RTU for clean teats and healthy milk production.</p>

<p>TC475</p>	<p>Shine On with TC475, The Heavy-Duty Pipe Cleaner That Packs a Powerful Punch</p> <p>Is years of grime and buildup dragging down your closed piping system? Bring back the sparkle with TC475. This hardcore acid cleaner dissolves away even the most stubborn hardness deposits, rust stains, and fungal growths.</p> <p>TC475 cuts through calcium carbonate and corrosion on contact, leaving stainless steel pipes, tanks, and equipment looking factory-fresh. The concentrated formula easily tackles the toughest jobs other cleaners can't touch.</p> <p>One application of TC475 removes years of scale, so you can keep your C.I.P. system at peak performance. It brings maximum strength cleaning without damage.</p> <p>Don't settle for lackluster results. Choose TC475 for clean, scale-free pipes and equipment. This high-powered cleaner will have your closed system looking new in no time.</p> <p>Shine on with TC475 today!</p>
<p>TC51 LIQUID</p>	<p>Stop spreading germs - start spreading clean! With TC51 LIQUID, you can easily clean and disinfect surfaces throughout your home to create a healthier living environment. This powerful multi-purpose cleaner tackles tough soils, eliminates up to 99.9% of harmful bacteria, and leaves behind a fresh, clean scent. The low foaming chlorinated alkaline formula is suitable for all water types and surfaces - from kitchens and bathrooms to floors and appliances. Just a small amount of TC51 LIQUID goes a long way to clean, disinfect, and deodorize. Make your cleaning routine faster, easier, and more effective. Bring the power of TC51 LIQUID home today for sparkling clean, germ-free surfaces in every room.</p>
<p>TC70 LIQUID</p>	<p>Blast away the toughest grime with TC70 LIQUID, the superpowered acid cleaner that restores shine and performance to your equipment. This fast-acting formula swiftly dissolves years of buildup, cutting through hardness salts, rust stains, and even stubborn fungal growths in closed C.I.P. systems and stainless steel piping. With unstoppable cleaning power, TC70 tackles the toughest jobs so you don't have to waste time scrubbing and scraping. Simply apply and watch it go to work. TC70 brings new life to your plant by removing residue, ensuring peak performance, and leaving behind sparkling stainless steel. Stop wasting time and effort. Bring in the cleaning powerhouse TC70 LIQUID for brilliant, grime-free results.</p>

DISINFECTION

Powerful disinfectants formulated to combat pathogens and ensure surfaces are thoroughly sanitized, promoting a safe and hygienic environment.

<p>Chlorsan</p>	<p>Stop nasty germs in their tracks with Chlorsan, the powerful disinfectant that banishes bacteria and leaves surfaces sparkling clean. This low-foaming alkaline formula utilizes a unique blend of organochlorine compounds to provide rapid, thorough disinfection of floors, walls, and equipment.</p> <p>The specially balanced alkalis in Chlorsan make short work of grease and grime for fast, effective cleaning. Thanks to built-in corrosion inhibitors, Chlorsan is gentle on all surfaces, including aluminum. It's equally effective in hard and soft water due to its sequestering agents.</p> <p>Chlorsan keeps on working even after you've finished cleaning. Its smart release formula provides ongoing disinfection as the chlorine compounds continue to be released over time. No need to worry about strong odors either - Chlorsan is unscented, making it ideal for food preparation areas.</p> <p>Don't let germs take over your facility. Bring in the cleaning power of Chlorsan and rest assured your surfaces will be hygienic and sparkling.</p>
<p>Detsan</p>	<p>Make Cleaning Easy with Detsan Foaming Detergent Disinfectant</p> <p>Tired of scrubbing and scouring just to get your surfaces clean? Detsan's powerful foaming formula breaks up tough grease and grime in a flash, so you can wipe away messes with minimal effort.</p> <p>Detsan goes beyond cleaning to provide effective disinfection against a broad spectrum of bacteria, viruses, and fungi. The blend of quick and slow releasing chlorine compounds ensures surfaces stay disinfected even after rinsing. Food processing facilities, hospitals, schools, and more can trust Detsan to meet the highest standards of hygiene and safety.</p> <p>With built-in corrosion inhibitors, Detsan is gentle on all washable surfaces including aluminum. The non-caustic formula won't dull or damage floors, walls,</p>

	<p>stainless steel, and food prep equipment. Anionic and non-ionic surfactants provide exceptional wetting and penetration to get into crevices and lift soils away. Plus the water-softening agents make Detsan work in all water conditions.</p> <p>Stop struggling with subpar cleaners. Bring the power of Detsan into your facility for fast, effective cleaning and disinfection you can count on. Detsan makes it easy to maintain the highest standards of cleanliness and safety.</p>

EXPORT RANGE

Premium cleaning solutions meeting international standards, designed for export markets, offering reliability and effectiveness across diverse applications.

<p>Airfreshner - AntiTobacco</p>	<p>Breathe easy with Airfreshner AntiTobacco. This concentrated liquid air freshener doesn't just mask odors, it actively attacks and neutralizes the lingering smell of smoke and tobacco.</p> <p>The powerful disinfecting agents go to work to sanitize the air, while the long-lasting perfume stabilizers fill your space with a refreshing clean scent. No more embarrassment from unwanted odors. Just a clean, fresh indoor environment you'll be proud to share.</p> <p>Simply fog AntiTobacco into recently cleaned areas and let it work its magic overnight. Wake up to air that smells as fresh as the outdoors. With Airfreshner AntiTobacco, you'll love coming home to a smoke-free sanctuary. Breathe deep and enjoy the clean air.</p>
<p>Airfreshner - Forest Breeze</p>	<p>Breathe in the refreshing scent of the forest with Airfreshner's Forest Breeze. This powerful air freshener fills your home with the invigorating aroma of pine trees after a spring rain. Formulated with concentrated perfumes and odor adsorbers, Forest Breeze eliminates foul odors and leaves behind a pleasant evergreen fragrance. Disinfecting agents sanitize the air while perfume stabilizers ensure the brisk, woody scent lingers. Fog Forest Breeze into just-cleaned rooms and wake up the next morning to air that smells like you spent the night sleeping under the stars in a pine forest. Let the magic of Airfreshner Forest Breeze transport you to a peaceful wilderness retreat right in your own home.</p>
<p>Alkaboost</p>	<p>Forget laundry day dread—make it an effortless delight with ALKABOOST. This revolutionary low-foam detergent is the ultimate stain and odor eradicator, powered by an alkali punch that obliterates grime without the harshness. While its advanced formula packs unrivaled cleaning power, it's also gentle on your fabrics. ALKABOOST lifts away the toughest dirt and grime with ease, leaving all your laundry—from everyday clothes to linens and towels—looking and smelling fresher than ever before. Suitable for all machines and water types, this detergent takes your laundry to the next level of clean. Bring the power of ALKABOOST home and make laundry as simple as it should be. Your clothes deserve it.</p>

<p>Auto Enzymatic Lofoam Powder</p>	<p>Tired of dealing with excess suds and poor cleaning from your laundry detergent? Introducing Auto Enzymatic Lofoam Powder, the innovative washing powder that delivers powerful stain removal without all the foam.</p> <p>This concentrated, enzyme-powered formula tackles even the toughest food industry stains while remaining gentle on your laundry equipment. The optimized blend of non-ionic detergents and sequestering agents give you superior wash performance in soft to medium hard water, getting your linens clean in fewer washes.</p> <p>Auto Enzymatic Lofoam Powder is carefully formulated to provide the right amount of active cleaning ingredients in every dose. No need to add anything else! Just scoop it, toss it in, and trust your laundry will come out spotless.</p> <p>With its low-foam, non-corrosive properties, this "smart detergent" eliminates the hassles of overflowing suds and maintains your washing machines. Save time, save energy, and simplify your laundry routine with Auto Enzymatic Lofoam Powder today!</p>
<p>General Purpose High Foam Powder</p>	<p>Take your laundry to new heights with General Purpose High Foam Powder. This concentrated washing powder packs a powerful punch, cutting through even the toughest stains with its protein and fat splitting enzymes. Foam up and float away with high levels of anionic detergents that create mounds of rich, cleansing suds. Yet it's gentle enough for all your fabrics, tough on dirt but not on your clothes or washing machine. Spend less time on laundry with its superior cleaning in soft to medium hard water. Simple, consistent and effective - that's the magic of General Purpose Powder. For sparkling clean laundry and effortless washing, reach for our high performing powder today.</p>
<p>Auto Oxygenated Lofoam Powder</p>	<p>Blast through stubborn stains with ease using Auto Oxygenated Lofoam Powder. This concentrated laundry detergent packs a powerful cleaning punch to lift away tough coffee, tea, fruit, wine, blood stains and more from both white and colored fabrics.</p> <p>The specially formulated, low-foaming powder dissolves completely to provide superior cleaning. It contains high levels of non-ionic detergents and sequestering agents to bind with hard water minerals and allow active ingredients to work effectively. BIO enzymes target protein-based stains.</p> <p>Fewer washes are needed with this hardworking detergent, saving you substantial time and energy. No extra additives are required - simply scoop and start the wash cycle for consistent, excellent results. The oxygen-activated powder even tackles stains on plasticware, coffee machines, stainless steel and other surfaces.</p> <p>Give your laundry an easy boost of cleansing power with Auto Oxygenated Lofoam</p>

	Powder. This concentrated formula helps busy households power through loads quickly and effectively.
Chlorsan Sachets	<p>Kill germs on contact with Chlorsan Sachets - the powerful disinfecting cleaner that cuts through grease and grime.</p> <p>Chlorsan Sachets use a special blend of alkalis to rapidly break down fats and grease for swift, effective disinfection. The organochlorine compounds provide continual release of chlorine to ensure surfaces stay germ-free.</p> <p>Perfect for food processing facilities, Chlorsan is safe for all surfaces including aluminum. It won't corrode or damage equipment. The non-caustic formula is stable during storage and suitable even for sensitive areas.</p> <p>No matter the water conditions, Chlorsan Sachets have you covered. The sequestering agents allow it to work in both hard and soft water regions.</p> <p>With no added perfumes or volatile chemicals, Chlorsan Sachets provide odorless disinfection.</p> <p>For powerful, non-stop germ killing action, choose Chlorsan Sachets - the fast-acting, heavy-duty disinfectant cleaner. Order a supply today and breathe easier knowing your facility is safe and sanitized.</p>
Detsan Sachets	<p>Banish bacteria and germs with the powerful disinfecting power of Detsan Sachets. This foaming alkaline detergent packs a one-two punch: effective cleaning plus antimicrobial protection. The blend of alkalis swiftly breaks down grease, dirt, and grime, while the organic chlorine compounds eliminate 99.9% of bacteria, viruses, and fungi.</p> <p>Safe for all surfaces, Detsan won't corrode or damage aluminum, stainless steel, and other materials. The anionic and nonionic surfactants provide superior wetting and penetration, lifting soils away while protecting your equipment and facility. Hard or soft water is no match for the sequestering agents, ensuring optimal performance regardless of water conditions.</p> <p>Detsan Sachets are the ideal disinfecting cleaner for hospitals, food processing plants, and other critical environments. Unperfumed and stable in storage, these single-use sachets provide powerful cleaning and disinfection in an easy-to-use format. Banish bacteria with the proven effectiveness of Detsan Sachets.</p>

<p>ET Oven & Grill</p>	<p>Tired of scrubbing baked-on grease and grime off your oven and grill? Say goodbye to elbow grease and let ET Oven & Grill do the dirty work.</p> <p>This powerful formula dissolves even the most stubborn oil, grease, and carbon deposits with ease. The blend of caustic solvents penetrates and breaks down fatty residues quickly, while added detergents allow ET Oven & Grill to cling to surfaces so it can work its magic.</p> <p>Use ET Oven & Grill on hot or cold ovens, grills, stove tops, and more. Apply with a brush, sponge, or spray bottle. The fast-acting formula wipes away grime in no time.</p> <p>With regular use, ET Oven & Grill will keep your cooktops, ovens, and grills looking like new. No more endless scrubbing at baked-on spills and grease splatters. Just spray and wipe for clean, grease-free surfaces.</p> <p>Don't let messy buildup slow down your cooking. Grab a bottle of ET Oven & Grill and make cleanup a breeze.</p>
<p>Furniture Polish</p>	<p>Bring new life to your furniture with our Furniture Polish! This easy-to-use polish nourishes wood and protects finishes to reveal the natural beauty of your furniture. Our unique blend of silicones and UV absorbers create a long-lasting, dirt-repellent barrier that seals in shine and guards against fading. Simply spray and wipe this non-toxic formula on any wood, metal, plastic, or painted surface without fear of streaking or staining. The pleasant lavender scent adds a touch of freshness while you dust, clean, and care for your home. Reveal the true splendor of your furnishings - order Furniture Polish today!</p>
<p>Grease & Grime</p>	<p>Tired of scrubbing away at stubborn grease and grime? Let GREASE & GRIME do the hard work for you. This powerful concentrated liquid detergent tackles the toughest oil and grease buildup on surfaces in the food industry and beyond.</p> <p>With its blend of effective solvents, GREASE & GRIME penetrates porous surfaces to dissolve and remove baked-on messes that other cleaners leave behind. Its non-caustic formula is safe for all surfaces, including aluminium, so you can use it worry-free without causing corrosion.</p> <p>Whether you need to clean floors, walls, utensils, equipment, or vehicles, GREASE & GRIME gets the job done. Its built-in sequestering agents work in any water condition to break down grime. From greasy collars and cuffs to mildew in showers, GREASE & GRIME handles cleaning tasks with ease.</p> <p>Stop struggling with lacklustre cleaners. Bring the power of GREASE & GRIME to your</p>

	<p>cleaning routine today and rediscover sparkling surfaces effortlessly. This versatile workhorse of a detergent makes light work of any grease and grime!</p>
Liquimatic 20%	<p>Get superior cleaning power with Liquimatic 20%! This fully-built liquid detergent is carefully formulated with high levels of non-ionic detergents and sequestering agents to deliver excellent cleaning and low splendour in both soft and medium-hard water.</p> <p>The concentrated formula means you use less for more washes, saving you time, energy, and costs. Consistent results wash after wash with no mixing required - it's ready to work right out of the jug.</p> <p>With SABS 1044 certification, Liquimatic 20% complies with quality standards for safety and effectiveness. For maximum soil removal in hard water areas over 100ppm, simply add our Laundry Alkali.</p> <p>Bring the cleaning power of Liquimatic 20% to your laundry. Get low-foam, high-performance detergent that saves you time and money.</p>
Shower Cleaner	<p>Get sparkling clean showers and tubs with Shower Cleaner! This powerful formula dissolves stubborn soap scum, oils, and grease to leave your bathroom looking fresh. The non-caustic formula is safe for all surfaces yet tough on grime. The wetting agents allow Shower Cleaner to penetrate porous tile and grout to lift away built-up gunk. Plus, the sequestering agents tackle hard water stains in both soft and hard water areas. Shower Cleaner even contains a bactericide to inhibit mold and mildew growth. The refreshing fragrance leaves your bathroom smelling clean, not chemical-laden. Use Shower Cleaner weekly to cut through dirt, oils, and hard water stains for a bathroom that sparkles!</p>
Cream Cleaner	<p>Experience the cleaning power of Cream Cleaner! This green-colored multi-purpose cleaner packs a punch when it comes to cutting through grease and grime. The green color makes it easily recognizable and safe for hand washing.</p> <p>Loaded with high levels of anionic and non-ionic surfactants, Cream Cleaner provides exceptional wetting action and soil removal whether you use it in hot or cold water. Its ammonia-enhanced formula effortlessly cuts through grease on any surface - metals, paint, plastics - you name it!</p> <p>Cream Cleaner is stable, non-volatile, and has an indefinite shelf life. So you can keep a bottle handy under the sink for whenever messes strike. The refreshing pine fragrance leaves your kitchen, bathroom, windows, and more smelling fresh and clean.</p> <p>Stop wasting time scrubbing! Grab a bottle of Cream Cleaner and let its superior cleaning power do the work for you.</p>

<p>Glass & Mirror</p>	<p>Shine up your mirrors and windows with our powerful Glass & Mirror Cleaner! This non-caustic formula dissolves stubborn grease and oil easily without corroding surfaces. Specially blended solvents penetrate porous areas while the optimized wetting agents let you rinse clean in a flash. Hard water or soft, Glass & Mirror Cleaner cuts through grime in any conditions thanks to its sequestering agents. With a fresh, pleasant scent, this cleaner will leave your glass surfaces sparkling - and your cleaning experience a breeze. Bring out the natural brilliance of your mirrors and windows again with our tough on grime, gentle on hands Glass & Mirror Cleaner today!</p>
<p>Acid Descaler</p>	<p>Dissolve limescale and free your pipes from buildup with Acid Descaler. This powerful acid-based formula penetrates and lifts away stubborn calcium and magnesium deposits. With an optimal blend of wetting agents, Acid Descaler seeps into caked-on grime to get the job done. Its sequestering agents work in any water hardness to descale effectively. Though corrosive to materials, Acid Descaler stops limescale in its tracks. Rediscover free-flowing pipes and fixtures with this unscented workhorse of a descaler. Put Acid Descaler to work and say goodbye to scale buildup for good.</p>
<p>Auto Dish</p>	<p>Blast through grease and grime with the power of Auto Dish. This heavy-duty dishwashing powder cuts through baked-on food and shines your dishes, without damaging your cookware or machine.</p> <p>The non-caustic formula is gentle enough for aluminum but tough on fats and oils. Rapidly break down grease while protecting your dishes and machine from corrosion. The blend of alkalis, surfactants, and stabilised chlorine work together to clean and disinfect.</p> <p>Enzymes target blood stains and protein residues, getting your dishes squeaky clean every time. With sequestering agents for all water conditions, Auto Dish is effective no matter how hard your water is. The low foaming prevents pump cavitation so you can power wash without the mess.</p> <p>Auto Dish keeps working long after wash day. The powder is non-volatile and stable for 12 months of fresh cleaning power. Unperfumed and safe for food industry use.</p> <p>Stop scrubbing and let the cleaning power of Auto Dish do the work for you. Your dishes have never been cleaner!</p>

<p>Auto Rinse</p>	<p>Make dishes shine with Auto Rinse, the blue rinse aid that leaves zero streaks. This effective rinse aid contains powerful surfactants that provide exceptional wetting power in both hard and soft water. Auto Rinse clings to dishes and glassware to prevent spotting, even in cold water. It's safe for all metals, paints, and plastics so you can trust it on fine china and delicate stemware. The non-volatile formula is stable on the shelf with an indefinite lifespan. With its unscented, free rinsing formula suitable for all food service needs, Auto Rinse will become your kitchen's secret weapon for sparkling clean dishes every time. Bring out the shine in glassware, dishes, and more with Auto Rinse!</p>
<p>Crockery Destainer</p>	<p>Breathe new life into dull and stained crockery with Crockery Destainer! This powerful stainless steel polish brightens and protects your dishes, cutlery, pots, and pans. The odorless formula is safe to use around food prep areas and contains no harsh perfumes. Simply spray and wipe away water marks, food stains, and tarnish caused by daily wear and tear. See surfaces shine like new again! The anti-corrosive properties also prevent future rust and corrosion. Make your crockery look brand new with Crockery Destainer today!</p>
<p>GP Dishwashing Detergent</p>	<p>Make dishwashing easy with GP Dishwashing Detergent. This high-foaming detergent powers through grease and grime to leave your dishes sparkling clean. The vibrant green color stands out in your sink, making it easy to grab the right bottle. Anionic and non-ionic surfactants provide exceptional cleaning power to tackle stuck-on food and oily residues with ease. Safe for your hands and your dishes, GP Dishwashing Detergent rinses freely without streaks on glassware. The fresh citrus scent fills your kitchen while you wash. Suitable for handwashing all kitchen items, GP Dishwashing Detergent is a multipurpose cleaning hero. Bring the bright power of GP to your dirty dishes today.</p>
<p>ET120</p>	<p>Make cleaning easy with the color-coded ET 120. This green liquid soap tackles dirt and grime with a smile. Formulated with high levels of surfactants, ET 120 penetrates and lifts away oil, grease, and other tough soils from surfaces. Safe for use on metals, paint, and plastics, it cleans thoroughly without damage.</p> <p>ET 120 works equally well in hot or cold water, soft or hard. It rinses freely without streaking or residue. The non-volatile formula is shelf-stable for a long life. Unscented and approved for the food industry, ET 120 can clean where fragrances are forbidden.</p> <p>Let the green cleaning machine ET 120 scrub your sinks, countertops, floors, appliances, vehicles, tools, and more. Its exceptional wetting power dissolves caked-on messes. Make your cleaning routine faster, easier, and sparkling with ET 120 all-purpose liquid cleaner.</p>

ET228	Blast through stubborn grease and grime with the power of ET228. This hardworking degreaser dissolves oil and grease fast while still being gentle on surfaces. Carefully formulated wetting agents let ET228 penetrate deep to lift dirt from porous materials without leaving a residue. Anti-rust agents slow corrosion even after rinsing. With dirt-suspending detergents and an optimal pH level, ET228 cleans effectively without damaging surfaces. Just apply, let it work its magic, then rinse - no scrubbing necessary. Keep equipment looking like new with ET228, the industrial-strength degreaser that powers through the toughest messes. Try it today and see surfaces shine.
Hard Surface Disinfectant	Kill germs dead with Hard Surface Disinfectant. This powerful cleaner destroys a wide range of bacteria, viruses, and fungi on contact, eliminating up to 99.9% of microorganisms. Its non-caustic formula penetrates porous surfaces without corrosion, making it safe for use on any hard surface including aluminum. The optimal wetting agents allow it to get into cracks and crevices while still rinsing clean. Suitable for the food industry, Hard Surface Disinfectant contains no added fragrance. The QAC blend conforms to FDA standards for safety and effectiveness. With its stable formula and sequestering agents that work in any water type, you can depend on Hard Surface Disinfectant to obliterate germs and leave surfaces pristine. Get hospital-grade disinfection without the harshness. Order Hard Surface Disinfectant today for all your disinfecting needs.
Liquid Bleach	<p>Brighten up your space and banish bacteria with our Liquid Bleach. This powerful disinfectant will leave your surfaces sparkling clean and germ-free.</p> <p>Our color-coded blue bottle allows for easy identification and safe use even by unskilled workers. Specially formulated for the food industry, Liquid Bleach contains no added perfumes or dyes.</p> <p>The high level of available chlorine provides maximum disinfection power at economic dilutions. Tough stains don't stand a chance against Liquid Bleach thanks to its effective stain-removing chlorine compounds.</p> <p>You can use Liquid Bleach safely on all metals with no worries about corrosion due to the included inhibitor. For an all-in-one cleaning and disinfecting solution, simply blend with our TC120 Neutral Liquid Detergent.</p> <p>Make your cleaning routine fast, effective, and foolproof with Liquid Bleach. Bring out the natural shine and sanitized perfection of any surface affordably today.</p>
Liquid Handsoap	Cleanse and protect with Liquid Handsoap - the antimicrobial hand wash that nourishes skin while fighting germs. This effective disinfectant uses the power of Glutaraldehyde to eliminate harmful bacteria, including tough Gram-positive and Gram-negative strains. Unlike alcohol-based sanitizers that dry out skin, Liquid Handsoap contains moisturizing

	<p>glycerine and lanolin to leave hands feeling soft and smooth. And its prolonged germ-fighting action keeps working even after you've rinsed and dried your hands. With regular use, Liquid Handsoap provides a gentle yet potent defense against illness-causing bacteria. Get long-lasting antimicrobial protection and conditioned skin with every wash. Discover the hand soap that cleans deeply without stripping away moisture - Liquid Handsoap.</p>
Pine Disinfectant	<p>Blast away germs and leave a fresh pine scent behind with Pine Disinfectant. This powerful disinfectant uses a proprietary blend of quaternary ammonium compounds to eliminate 99.9% of bacteria, including stubborn gram-positive and gram-negative strains. The surfactant formula penetrates deep to lift soils while sequestering agents prevent mineral buildup, ensuring maximum disinfecting power. Pine Disinfectant's long-lasting pine fragrance overwhelms odors as it cleans, and its gentle formula is safe for hands. Give your home a boost of freshness and protection with Pine Disinfectant.</p>
Silver Dip	<p>Bring the shine back to your silver with SILVER DIP. This powerful cleaner dissolves tarnish effortlessly thanks to its blend of acids that penetrate and lift away dullness. SILVER DIP works in all water conditions, soft or hard, thanks to its sequestering agents. With just a quick dip and rinse, you'll reveal the brilliant luster hiding under lackluster silver. Caution: this strong formula is corrosive to most materials, so stopper bottle when not in use. Rediscover the beauty of your silverware and antiques with SILVER DIP.</p>
Spray & Wipe	<p>Kill germs fast with Spray & Wipe Disinfectant. This non-caustic, all-purpose cleaner wipes out a wide range of bacteria and viruses on any surface - even aluminum - without leaving a harsh chemical residue. Its unique triple-disinfectant formula provides superior germ-killing power at an affordable price, working in all water conditions. Spray, wipe, and walk away - there's no need to rinse. Disinfect and deodorize in one easy step with the proven cleaning power of Spray & Wipe. Your surfaces will be hygienically clean and refreshingly odor-free. Get hospital-grade disinfection without the harshness. Spray & Wipe is the simple, effective way to protect your family from illness-causing germs.</p>
Stainless Steel Polish	<p>Shine and protect your stainless steel surfaces with our Stainless Steel Polish. This odorless polish brightens while guarding against corrosion, keeping your stainless steel looking its best. The polish contains no perfume, making it suitable for use in food prep areas. The formula is flammable, so keep away from flames and ignition sources. While effective, avoid inhaling the non-toxic polish. Bring out the natural brilliance of your stainless steel with our easy-to-apply polish today.</p>

FACTORY & SIP CLEANING

Specialised products for factory and SIP cleaning, including degreasers and industrial-grade cleaners, ensuring optimal cleanliness and efficiency in manufacturing environments.

<p>Chlorsan</p>	<p>Stop contamination in its tracks with Chlorsan, the powerful disinfectant that banishes bacteria and grime. This low-foaming alkaline cleaner combines the cleaning power of alkalis with the germ-killing strength of organochlorine compounds, working fast to break down grease and leave surfaces hygienically clean.</p> <p>Chlorsan's corrosion inhibitors make it gentle on all surfaces including aluminum, while its sequestering agents ensure it works equally well in hard and soft water. The blend of quick and slow chlorine release allows for ongoing disinfection throughout cleaning. No need to worry about strong perfumed odors either, as Chlorsan is unscented.</p> <p>Ideal for frequent disinfection of floors, walls and equipment in food processing facilities, hospitals and other high-risk environments, Chlorsan is a workhorse disinfectant focused on getting the job done. No frills, just powerful grease-cutting and germ-eliminating abilities that help facilities meet the highest hygiene standards. Put Chlorsan to work today and take cleanliness and sanitation to the next level.</p>
<p>Detsan</p>	<p>Clean and Disinfect with Confidence with Detsan</p> <p>Detsan is the powerful foaming alkaline detergent disinfectant you need to tackle tough cleaning jobs. This hardworking formula contains a proprietary blend of organic chlorine compounds that provide effective disinfection against a broad spectrum of germs and bacteria.</p> <p>The specially formulated alkalis in Detsan quickly break down and dissolve grease, oils, and other tough soils, while the corrosion inhibitors make it safe for use on all surfaces including aluminum. It won't cause any corrosion issues. The anionic and non-ionic surfactants provide excellent wetting and surface penetration for a deep down clean.</p> <p>Detsan is designed to work in all water conditions, so you can use it effectively anywhere. The smart blend of quick and slow releasing chlorine compounds allows for continual disinfection throughout the cleaning process. It keeps working even after the initial cleaning.</p> <p>Detsan conforms to SABS 1196 standards and is unscented, making it ideal for all manual cleaning applications in food processing facilities, hospitals, and other critical</p>

	<p>environments.</p> <p>Don't settle for less than the best. Choose Detsan for superior cleaning, degreasing, and disinfection every time.</p>
<p>Grease & Grime</p>	<p>Tired of stubborn grease and grime ruining your surfaces? Look no further than GREASE & GRIME, the super-powered cleanser that obliterates oil, grease, mildew, and more with just a few sprays.</p> <p>This concentrated liquid detergent cuts through the toughest messes in one easy step. Use it on utensils, floors, walls, equipment, vehicles, and more to get a deep clean. Spray it on collars and cuffs before washing for extra cleaning power. It even eliminates mildew in showers and windows with minimal effort.</p> <p>The secret lies in GREASE & GRIME's blend of powerful solvents that dissolve oil and grease rapidly. Carefully balanced wetting agents let it penetrate surfaces for maximum cleaning, yet rinse away without residues. ECONODET's rich foam clings to vertical surfaces, allowing you to reach every corner. It's gentle enough for vehicle interiors yet strong enough for tough jobs.</p> <p>Simply dilute for light cleaning or use full strength to cut through heavy dirt.</p>

	<p>Safe for most washable surfaces, ECONODET brings out the sparkle on equipment, vehicles, floors and walls.</p> <p>For disinfecting power, mix with TC340 antimicrobial cleaner. Choose ECONODET for a foaming clean you can trust to get the job done. Bring out the shine and watch your surfaces sparkle.</p>
<p>PROCON</p>	<p>With just one spray, PROCON eliminates even the most stubborn messes. This high-foaming cleaner lifts grease, grime, and dirt from any surface imaginable, including vehicle exteriors, tiles, machinery, and more.</p> <p>PROCON's versatile formula can be diluted for light cleaning or concentrated to tackle heavy-duty stains. Its powerful foaming action penetrates deep to refresh your surfaces with a sparkling clean shine. Gentle enough for delicate items yet tough on the most stubborn messes.</p> <p>Forget elbow grease. Order PROCON today and let its deep cleaning formula do all the scrubbing for you. With PROCON, your surfaces will look brand new again with minimal effort. Just spray and wipe away years of built-up grime.</p>
<p>FLY MUTI</p>	<p>Stop those annoying flies in their tracks! FLY MUTI is the fast, effective fly killer you need. This discreet trap lures flies in with a specially formulated bait and traps them on contact. Once they land on the sticky boards, there's no escape. FLY MUTI eliminates flies quickly, so they won't buzz around your home or patio anymore.</p> <p>The powerful yet safe formula is designed to attract and trap flies. No zapping, swatting or chasing required. Just open the trap and hang or place it where flies gather. The discreet design blends into any room or outdoor area seamlessly.</p> <p>FLY MUTI requires no batteries or electricity. It's easy to use, non-toxic and safe around food, pets and kids when used as directed.</p> <p>Say goodbye to annoying flies for good. Get FLY MUTI today and take back your space from these pesky pests!</p>

<p>Grease & Grime</p>	<p>Tired of scrubbing away at stubborn grease and grime? Let Grease & Grime do the hard work for you. This concentrated liquid detergent cuts through even the toughest oil and grease on any surface.</p> <p>Grease & Grime is the versatile cleaner you need for tackling messes in the food industry. Its powerful solvents dissolve grease on utensils, floors, walls, equipment, and vehicles. It even removes mildew from showers and other hard-to-clean areas. You can also use it on collars, cuffs, windows, and glassware. Grease & Grime handles just about any cleaning challenge with ease.</p> <p>The optimized blend of wetting agents in Grease & Grime allows it to penetrate the most porous surfaces yet still rinse off without leaving residue. Since it's non-caustic, Grease & Grime is safe for all surfaces including aluminum. It won't cause any corrosion issues. The sequestering agents make it effective in both hard and soft water.</p> <p>Grease & Grime is the unscented, anti-corrosive cleaner that powers through grime in all food industry applications. Stop struggling with stubborn grease. Grab a bottle of Grease & Grime and let the cleaning begin!</p>
<p>MECHDISH</p>	<p>Stop worrying and start dazzling with sparkling clean dishes thanks to MECHDISH. This powerful dishwashing detergent tackles even the toughest baked-on stains while killing 99.9% of bacteria for sanitized dishes your whole family can enjoy. Formulated with grease-cutting organochlorine compounds, MECHDISH lifts away food residue for a spotless clean. The low foaming formula is gentle inside your dishwasher but tough on messes. It works in all water conditions to remove stains that other detergents leave behind. Bring back the shine to your dishes and ensure a germ-free clean with MECHDISH. Discover the difference a deep clean makes.</p>
<p>MECHDRY</p>	<p>Make dishwashing a sparkling success with MECHDRY. This powerful rinse aid blasts away food and detergent residue, leaving your dishes gleaming.</p> <p>MECHDRY's advanced low-foaming formula gets to work during the final rinse cycle. It creates a sheeting action that rinses away all impurities, so dishes emerge spotless and completely dry. No more hand drying or streaky finishes!</p> <p>Suitable for all mechanical dishwashers and crate washers, just a small dose of MECHDRY per load is enough to make your dishware shine. The acidic formula powers through grease and grime with ease.</p>

	<p>Bring out the natural brilliance of your plates, glasses, and utensils with MECHDRY. Let this high-performing rinse aid do all the hard work and transform your dishwashing experience. Make every meal sparkle with clean, polished dishware courtesy of MECHDRY.</p>
OVENKLEEN	<p>Tired of scrubbing at food stains stuck on the inside of your oven for hours with no results? Those carbonized messes don't stand a chance against OVENKLEEN!</p> <p>This industrial-strength cleaner rapidly penetrates and dissolves even the toughest baked-on grease and grime in one application. Its powerful formula cleans the crustiest oven interiors with ease.</p> <p>OVENKLEEN quickly restores ovens, grillers, boilers, stove hoods, deep fat fryers, and utensils to a sparkling shine. The amber liquid seeps into cracks and crevices to lift away every last trace of burnt-on food.</p> <p>Bring back the shine to your appliances and make cleaning a breeze. Order a bottle of OVENKLEEN today and say goodbye to scrubbing!</p>
SCOUREX	<p>Blast away grime and germs with the unmatched cleaning power of SCOUREX! This high-foaming detergent disinfectant packs a powerful punch with its organo chlorine compounds that cut through the toughest dirt, grease, and bacteria. Suitable for both hard and soft water, SCOUREX effortlessly scrubs surfaces sparkling clean in food processing facilities, clinging to floors, walls, and equipment with exceptional foaming action while disinfecting agents sanitize. Make your cleaning routine shine and eliminate harmful germs with the superb scrubbing and sanitizing power of SCOUREX. For unmatched cleaning and disinfecting, trust SCOUREX.</p>
SEWEREX	<p>Blast away clogged drains and restore free-flowing freshness with SEWEREX! This powerful granulated cleaner dissolves years of accumulated gunk on contact.</p> <p>The specially formulated caustics and detergents penetrate deep to break down and dissolve even the toughest fat and grease buildup. Wetting agents allow SEWEREX to spread and penetrate the full depth of any clog for maximum cleaning power.</p> <p>Use it in sinks, tubs, floor drains, or restaurant grease traps. SEWEREX cuts through the nastiest blockages with proven cleaning power. Simply pour directly into drains for fast, effective results. The rinse-away formula means no messy cleanup.</p>

	<p>Don't let slow, greasy drains ruin your day. Experience free flowing drains again with the proven power of SEWEREX - the ultimate drain cleaning solution!</p>
TC359	<p>Eliminate dangerous pathogens and keep your food facility sparkling clean with TC359, the powerful foaming alkaline detergent and disinfectant. This chlorine-based formula cuts through the toughest fats, oils, and organic soils with ease, while eliminating 99.999% of harmful bacteria, viruses, and fungi.</p> <p>Certified to meet strict SANS sanitation standards, TC359 gives you peace of mind that all surfaces are hygienically clean. The rich foam penetrates cracks and crevices and clings to walls and vertical surfaces. Rinse thoroughly after use.</p> <p>Bring TC359 into your HACCP program for robust environmental monitoring and sanitation verification. Maintain the highest standards of cleanliness and comply with regulations with this advanced cleaner and disinfectant designed for manual cleaning of floors, walls, and equipment in high-risk food processing areas.</p> <p>Get TC359 today for a spotless food facility free of dangerous microbes.</p>
TC393	<p>Kill germs dead with TC393, the powerful disinfectant that sanitizes in just 5 minutes. This concentrated, hospital-grade formula is specially designed to eliminate 99.9% of bacteria, viruses, and fungi wherever they hide. Use TC393 to disinfect high-traffic washrooms, grimy floors, greasy kitchen surfaces, and even food processing equipment. Its broad-spectrum antimicrobial action leaves no germ alive. After normal cleaning, simply wipe or fog surfaces with the diluted TC393 solution for an extra level of protection. Meet the highest hygiene standards and transform your facilities into germ-free zones with the proven disinfecting power of TC393. Keep your spaces clean, safe, and healthy for all. Disinfect with confidence using TC393.</p>
Acid Descaler	<p>Dissolve limescale and free your pipes from buildup with Acid Descaler. This powerful acid-based formula penetrates and lifts away stubborn calcium and magnesium deposits. With an optimal blend of wetting agents, Acid Descaler seeps into caked-on grime to get the job done. Its sequestering agents work in any water hardness to descale effectively. Though corrosive to materials, Acid Descaler stops limescale in its tracks. Rediscover free-flowing pipes and fixtures with this unscented workhorse of a descaler. Put Acid Descaler to work and say goodbye to scale buildup for good.</p>

<p>Auto Dish</p>	<p>Blast through grease and grime with the power of Auto Dish. This heavy-duty dishwashing powder cuts through baked-on food and shines your dishes, without damaging your cookware or machine.</p> <p>The non-caustic formula is gentle enough for aluminum but tough on fats and oils. Rapidly break down grease while protecting your dishes and machine from corrosion. The blend of alkalis, surfactants, and stabilised chlorine work together to clean and disinfect.</p> <p>Enzymes target blood stains and protein residues, getting your dishes squeaky clean every time. With sequestering agents for all water conditions, Auto Dish is effective no matter how hard your water is. The low foaming prevents pump cavitation so you can power wash without the mess.</p> <p>Auto Dish keeps working long after wash day. The powder is non-volatile and stable for 12 months of fresh cleaning power. Unperfumed and safe for food industry use.</p> <p>Stop scrubbing and let the cleaning power of Auto Dish do the work for you. Your dishes have never been cleaner!</p>
<p>Crockery Destainer</p>	<p>Breathe new life into dull and stained crockery with Crockery Destainer! This powerful stainless steel polish brightens and protects your dishes, cutlery, pots, and pans. The odorless formula is safe to use around food prep areas and contains no harsh perfumes. Simply spray and wipe away water marks, food stains, and tarnish caused by daily wear and tear. See surfaces shine like new again! The anti-corrosive properties also prevent future rust and corrosion. Make your crockery look brand new with Crockery Destainer today!</p>
<p>TC228</p>	<p>Blast through stubborn grease and grime with the power of TC228. This hardworking degreaser dissolves oil and grease fast while still being gentle on surfaces. Carefully formulated wetting agents let TC228 penetrate deep to lift dirt from porous materials without leaving a residue. Anti-rust agents slow corrosion even after rinsing. With dirt-suspending detergents and an optimal pH level, TC228 cleans effectively without damaging surfaces. Just apply, let it work its magic, then rinse - no scrubbing necessary. Keep equipment looking like new with TC228, the industrial-strength degreaser that powers through the toughest messes. Try it today and see surfaces shine.</p>
<p>Glass & Mirror</p>	<p>Shine up your glass and mirrors with this powerful cleaner! Formulated with a solvent blend that dissolves stubborn oil and grease, it penetrates porous surfaces for an effective clean while still rinsing off with ease. The non-caustic formula is completely safe for all surfaces including aluminum. It works in any</p>

	<p>water condition thanks to its sequestering agents. With built-in anti-corrosion properties and a pleasant fragrance, this cleaner will leave your glass and mirrors sparkling clean. Spray on and wipe away dirt, grime, fingerprints, and more for crystal clear, streak-free results. Make your windows, mirrors, glass tables, and more sparkle with this effective all-surface cleaner.</p>
<p>Grease & Grime</p>	<p>Tired of scrubbing away at stubborn grease and grime? Our Grease & Grime cleaner is the powerful solution you've been waiting for. With just a few sprays, this concentrated liquid detergent penetrates and dissolves even baked-on oil and grease from floors, walls, utensils, and more.</p> <p>Grease & Grime's non-caustic formula is completely safe for all surfaces including aluminum. It won't cause corrosion like some harsh cleaners. Our optimal blend of wetting agents allows Grease & Grime to get into every nook and cranny, lifting away dirt and grime with ease.</p> <p>Use Grease & Grime for a wide range of cleaning tasks - from removing mildew in showers to cleaning greasy collars and cuffs before laundry. It's even great for shining up windows and glassware. With built-in anti-corrosion agents, Grease & Grime gets the job done without damage.</p> <p>Stop wasting time scrubbing! Spray on our concentrated Grease & Grime formula and watch stubborn messes wipe away with minimal effort. This unscented workhorse cleaner is perfect for all your cleaning needs in food industry settings and beyond. Try Grease & Grime today and experience the cleaning power for yourself!</p>
<p>Hard Surface Disinfectant</p>	<p>Kill germs dead with Hard Surface Disinfectant. This powerful cleaner destroys a wide range of bacteria, viruses, and fungi on contact, eliminating up to 99.9% of microorganisms. Its non-caustic formula penetrates porous surfaces without corrosion, making it safe for use on any hard surface including aluminum. The optimal wetting agents allow it to get into cracks and crevices while still rinsing clean. Suitable for the food industry, Hard Surface Disinfectant contains no added fragrance. The QAC blend conforms to FDA standards for safety and effectiveness. With its stable formula and sequestering agents that work in any water type, you can depend on Hard Surface Disinfectant to obliterate germs and leave surfaces pristine. Get hospital-grade disinfection without the harshness. Order Hard Surface Disinfectant today for all your disinfecting needs.</p>

Liquid Handsoap	Cleanse and protect with Liquid Handsoap - the antimicrobial hand wash that nourishes skin while fighting germs. This effective disinfectant uses the power of Glutaraldehyde to eliminate harmful bacteria, including tough Gram-positive and Gram-negative strains. Unlike alcohol-based sanitizers that dry out skin, Liquid Handsoap contains moisturizing glycerine and lanolin to leave hands feeling soft and smooth. And its prolonged germ-fighting action keeps working even after you've rinsed and dried your hands. With regular use, Liquid Handsoap provides a gentle yet potent defense against illness-causing bacteria. Get long-lasting antimicrobial protection and conditioned skin with every wash. Discover the hand soap that cleans deeply without stripping away moisture - Liquid Handsoap.
Pine Disinfectant	Blast away germs and leave a fresh pine scent behind with Pine Disinfectant. This powerful disinfectant uses a proprietary blend of quaternary ammonium compounds to eliminate 99.9% of bacteria, including stubborn gram-positive and gram-negative strains. The surfactant formula penetrates deep to lift soils while sequestering agents prevent mineral buildup, ensuring maximum disinfecting power. Pine Disinfectant's long-lasting pine fragrance overwhelms odors as it cleans, and its gentle formula is safe for hands. Give your home a boost of freshness and protection with Pine Disinfectant.
Silver Dip	Bring the shine back to your silver with SILVER DIP. This powerful cleaner dissolves tarnish effortlessly thanks to its blend of acids that penetrate and lift away dullness. SILVER DIP works in all water conditions, soft or hard, thanks to its sequestering agents. With just a quick dip and rinse, you'll reveal the brilliant luster hiding under lackluster silver. Caution: this strong formula is corrosive to most materials, so stopper bottle when not in use. Rediscover the beauty of your silverware and antiques with SILVER DIP.
Spray & Wipe	Kill germs fast with Spray & Wipe Disinfectant. This non-caustic, all-purpose cleaner wipes out a wide range of bacteria and viruses on any surface - even aluminum - without leaving a harsh chemical residue. Its unique triple-disinfectant formula provides superior germ-killing power at an affordable price, working in all water conditions. Spray, wipe, and walk away - there's no need to rinse. Disinfect and deodorize in one easy step with the proven cleaning power of Spray & Wipe. Your surfaces will be hygienically clean and refreshingly odor-free. Get hospital-grade disinfection without the harshness. Spray & Wipe is the simple, effective way to protect your family from illness-causing germs.
Stainless Steel Polish	Shine and protect your stainless steel surfaces with our Stainless Steel Polish. This odorless polish brightens while guarding against corrosion, keeping your stainless steel looking its best. The polish contains no perfume, making it

	<p>suitable for use in food prep areas. The formula is flammable, so keep away from flames and ignition sources. While effective, avoid inhaling the non-toxic polish. Bring out the natural brilliance of your stainless steel with our easy-to-apply polish today.</p>

GERMEX	<p>Stop germs in their tracks with the ultimate hand sanitizer - Germex Gel. This powerful disinfectant destroys 99.9% of bacteria on contact, providing long-lasting protection even after multiple hand washes. The secret lies in the formula containing chlorhexidine gluconate and alcohol, which effectively eliminates both Gram-positive and Gram-negative bacteria, including superbugs resistant to antibiotics. What's more, nourishing skin conditioners prevent dryness and irritation that other sanitizers may cause. With prolonged germ-fighting action and skin-friendly ingredients, Germex Gel is tough on germs yet gentle on your hands. Use it liberally and often to sanitize hands and kill contagious bacteria before they spread. Don't just sanitize, Germexize! Get Germex Gel today for the ultimate defense against germs.</p>
MILSAN	<p>Blast away germs and stains with the cleaning superpower of MILSAN. This unscented sodium hypochlorite solution disinfects with ease, killing 99.9% of bacteria in food processing facilities, CIP systems, and more. Fog it over large areas for widescale sanitization or use it on any surface - equipment, floors, drains - without worry.</p> <p>Yet MILSAN is gentle enough for daily use. It won't leave behind a harsh chemical residue or smell. Simply add it to TC120 Neutral Liquid Detergent for an all-in-one clean and sanitize solution.</p> <p>Bring the power of hygiene home today with MILSAN. Trust it to keep your operation clean, safe, and odor-free.</p>

<p>PEROXY</p>	<p>Stop letting stains and germs overpower your home. Bring in the cleaning superhero PEROXY for unstoppable disinfection and stain removal.</p> <p>This powerhouse peracetic acid cleaner eliminates 99.999% of harmful bacteria, viruses and pathogens, protecting your family's health. Its specially formulated solution attacks the toughest stains like coffee, tea, fruit, wine, blood and more on white and colored fabrics. PEROXY even prevents setting of stubborn chlorhexidine stains.</p> <p>Not just a laundry hero, PEROXY also conquers algae in pools and stains on plasticware, coffee machines, stainless steel and other surfaces. With the strength of peracetic acid and the power to work in soft to medium hard water, PEROXY is ready to defeat stains and germs in your home.</p> <p>Bring home the cleaning power of PEROXY today and wave goodbye to stubborn stains and lurking germs for good!</p>
<p>PORT-A-LOO</p>	<p>Sick and tired of holding your nose when nature calls during camping or outdoor events? PENLUBE 400 / LIQUID	<p>Stop struggling with stuck parts and prevent future jams. Penlube 400 is the multi-use lubricant that glides into tight spots to free things up. This versatile lube displaces moisture to inhibit rust and corrosion on metal surfaces. And because it's silicone-free, Penlube 400 is safe for rubber, plastic, and other sensitive materials. Best of all, it's non-flammable so you can use it worry-free on electrical equipment.</p> <p>Keep your tools and machines running smoothly with Penlube 400. Professionals choose it for maintenance and repair because it penetrates and protects. Get a can today and see why it's the top choice for freeing stuck parts and preventing future problems. Penlube 400 - the lubricant that glides where you need it.</p>
RIMCLEAN	<p>Blast away greasy grime the eco-friendly way with RIMCLEAN! This powerful biodegradable degreaser quickly dissolves and lifts away tough oil, grease, and grime from any surface. Simply spray on and let the active cleaning agents break down stubborn deposits. Then wipe or rinse for a deep clean without harsh chemicals.</p> <p>RIMCLEAN's water-based formula is non-toxic and safe for users and the environment. No more breathing in harsh fumes or worrying about contaminating waterways. The thixotropic gel clings to vertical and inverted surfaces while it works to emulsify grime.</p> <p>Make light work of dirty engine bays, machinery, concrete floors, and more. RIMCLEAN's cleaning power delivers a satisfying clean you can feel good about. Ditch the toxic solvents and enjoy effortless, eco-friendly degreasing with RIMCLEAN. Order a bottle today!</p>

<p>TC148</p>	<p>Blast through grime with the unstoppable cleaning power of TC148. This industrial-strength alkaline detergent clings to surfaces, penetrating deep to obliterate the toughest grease and grime. Floors, walls, bins - no mess stand a chance against the thick, high-foaming formula of TC148. Its superior cleaning agents dissolve even baked-on dirt and staining throughout your facility. Manual cleaning has never been so easy. TC148's unmatched cleaning power conquers troughs, floors, and walls, leaving them looking like new.</p> <p>Stop struggling with lacklustre cleaning. Bring out the big guns and revitalise your facility with TC148. This dynamite detergent makes light work of your toughest cleaning challenges.</p>
<p>TC228</p>	<p>Tired of scrubbing for hours trying to remove stubborn grease and grime? TC228 is the powerful water-based degreaser that tackles your toughest cleaning jobs with ease.</p> <p>This concentrated formula quickly dissolves and removes built-up oil, grease, brake dust, and even tar marks on paintwork. It's strong enough to degrease engines, garage floors, tools, and food processing areas, yet gentle enough to clean hands without irritation.</p> <p>Whether you need to prep surfaces for painting, clean mag wheels, or scrub down high-traffic areas, TC228 gets the job done fast. Simply dilute as needed for light or heavy-duty cleaning. No more wasting time with harsh solvents or scrubbing until your arms ache!</p> <p>Ditch the harsh chemicals and enjoy safe, effective cleaning with TC228. Order a bottle today and experience the cleaning power for yourself!</p>
<p>TC228 POWDER</p>	<p>Blast through the greasiest, grimiest messes with TC228 POWDER - the super-powered solvent free powder degreaser. This concentrated white powder easily dissolves the most stubborn oil and grease from engines, garage floors, tools, and more without harsh chemicals. TC228 POWDER's formula is tough on grease but gentle enough to clean tar from paintwork and oily residue from hands. Scrub it into mag wheels to make brake dust disappear. Use it in cleaning machines to degrease large areas with ease. TC228 POWDER is the versatile solvent free solution for tackling any degreasing job. Grab a container of this miracle cleaner today and experience a deep clean you can see and feel!</p>

<p>TC228 RTU</p>	<p>Blast through grease and grime with TC228 RTU! This powerful water-based degreaser tackles even the toughest oil, grease, and tar stains with ease. Yet it's gentle enough to use safely on floors, hands, engines, wheels, and more without damaging surfaces.</p> <p>The versatile, non-caustic formula makes TC228 RTU the perfect choice for busy auto shops needing to clean from floor to ceiling. It also effortlessly dissolves stubborn brake dust on wheels. Use it confidently in food processing areas too.</p> <p>Stop wasting time scrubbing away at impossible messes. TC228 RTU's industrial-strength cleaning power does the hard work for you. Experience the difference this safe, mighty degreaser makes. Your garage, vehicles, and hands will shine like new again.</p> <p>Bring on the grime - TC228 RTU is ready to take it on! Try it today for deep, effective cleaning.</p>
<p>TC229</p>	<p>Power through the toughest grease and grime with TC229, the versatile degreaser that leaves surfaces sparkling clean.</p> <p>This water-based, solvent-free formula packs a punch when it comes to removing oily residue. It effortlessly breaks down and lifts away road grime, greasy fingerprints, tar, brake dust, and more from vehicle exteriors, engines, workshop floors, and equipment.</p> <p>The non-toxic ingredients quickly penetrate and emulsify built-up petroleum contaminants without harsh scrubbing or toxic chemicals. TC229 tackles the toughest cleaning jobs while still being safe on a variety of surfaces.</p> <p>With TC229, you can skip the back-breaking scrubbing and let the formula do the hard work. Just spray it on, let it sit for a few minutes, then rinse away to reveal a deep clean. Surfaces will look like new again with minimal effort on your part.</p> <p>Discover the versatile degreaser trusted by professionals. Bring the power of TC229 into your garage, shop, or detailing operation and make short work of even the most stubborn messes.</p>

<p>TC230</p>	<p>Forget scrubbing. Let TC230 power wash grease and grime off metal.</p> <p>This industrial-strength degreaser dissolves tough limescale and sanitizes metal surfaces with its acidic formula. The liquid clings to verticals for maximum grime-fighting contact.</p> <p>TC230 cuts through grease other cleaners leave behind. Its metal-safe formula brings back shine without damage.</p> <p>Stop wasting elbow grease. Bring professional strength cleaning to metal with TC230. Just handle with care thanks to its extra-strong acidic formula.</p>
<p>TYRESHINE</p>	<p>Give your tires the proper care they deserve with Techclean's TYRE SHINE. This tire cleaner will have your wheels looking sleek and stylish with just a few sprays.</p> <p>Formulated with a special lemon-scented solution, TYRE SHINE quickly breaks down dirt, grime, and buildup on your tires' exterior. No more unsightly black scuffs or brown stains marring your tires' look.</p> <p>After just one application, you'll notice a dramatic difference in your tires' appearance. The rich, dark black colour will be restored for a freshly detailed look. Whether you're a car detailing enthusiast who wants showroom quality shine, or a busy parent trying to spruce up the family wheels, TYRE SHINE delivers professional grade cleaning with minimal effort.</p> <p>For best results, reapply weekly to maintain that lustrous new tire gleam. Your ride deserves to shine - treat it to TYRE SHINE today!</p>
<p>TYREDRESS</p>	<p>Bring back the bold! Your tires have lost their luster, fading to a dull gray with the miles. Breathe new life into your wheels with TYREDRESS - the premium tire polish that restores deep, showroom black and leaves a brilliant shine. This advanced formula deeply penetrates the rubber and plastic to rejuvenate your tires from the inside out, reviving that fresh-off-the-lot look you love.</p> <p>Unlike inferior greasy products, TYREDRESS contains UV blockers to actively shield your tires from sun damage for lasting protection and eye-catching vibrancy. With a simple spray and wipe application, a few minutes is all it takes to make those tired tires look brand new again.</p> <p>Don't settle for dull, faded wheels. Bring back the bold with TYREDRESS Tire Polish. Your tires will thank you.</p>

WASH & WAX	<p>Shine On With WASH & WAX</p> <p>Make your car gleam like it just rolled off the showroom floor with WASH & WAX. This all-in-one detergent and wax lifts away dirt while gently depositing a protective layer of wax for a brilliant shine.</p> <p>The rich, high-foaming formula effortlessly cleans all vehicle types - cars, trucks, motorcycles and more. Its powerful cleaning agents break down grime and road debris, while the carnauba wax creates a streak-free, glossy finish.</p> <p>Simply apply WASH & WAX with a sponge or soft cloth, let it dwell briefly to allow the cleaning agents to work, then rinse thoroughly. The result is a sparkling clean, radiant vehicle that looks its absolute best.</p> <p>Bring back the eye-catching brilliance your ride deserves. Make WASH & WAX your new go-to car wash - order a bottle today!</p>
